

Questionnaire April 2010

The past two years have been very busy and productive years for the Suzuki Charter School Board. This board has established a number of important priorities and specific goals that are presented in the Board Strategic Planning Document 2009 -2012, which can be found on the Suzuki Charter School website. One of our goals is to develop communication strategies to improve relationships with internal and external stakeholders. Students, parents and staff are our most important internal stakeholders and as such we are requesting your participation in the board questionnaire. This questionnaire is designed to further our understanding of your experience at Suzuki Charter School. We are interested in your feedback and your constructive ideas to improve our Charter School. Thank you for taking the time to fill out this questionnaire.
